Creating Smarter Businesses

Our Latest Innovation

1. Wacom Clipboard
2. Wacom Clipboard inking pen
3. Pen tether
4. Detachable USB charging cable
5. Battery Charging Station (optional)

BUSINESS SOLUTIONS

What is Wacom Clipboard?

✓ **Secure and Easy**

An electronic clipboard that offers the secure and easy way to digitize paper documents in real time while adding biometric signatures

✓ **Automatic form recognition**

The integrated barcode scanner automatically detects the paper form and opens the corresponding digital version on PCs or mobile devices

✓ **Standard Paper**

Creates digital copies of documents that are filled-in and signed with ink on standard paper, and can be integrated into any digital workflow, eliminating the need for paper scanning

✓ **Mobile devices and desktop PC as a client**

Documents captured on Wacom Clipboard are suitable for full use on desktop PCs or mobile devices, and can be seamlessly integrated into existing document management systems online, offline, and in the cloud
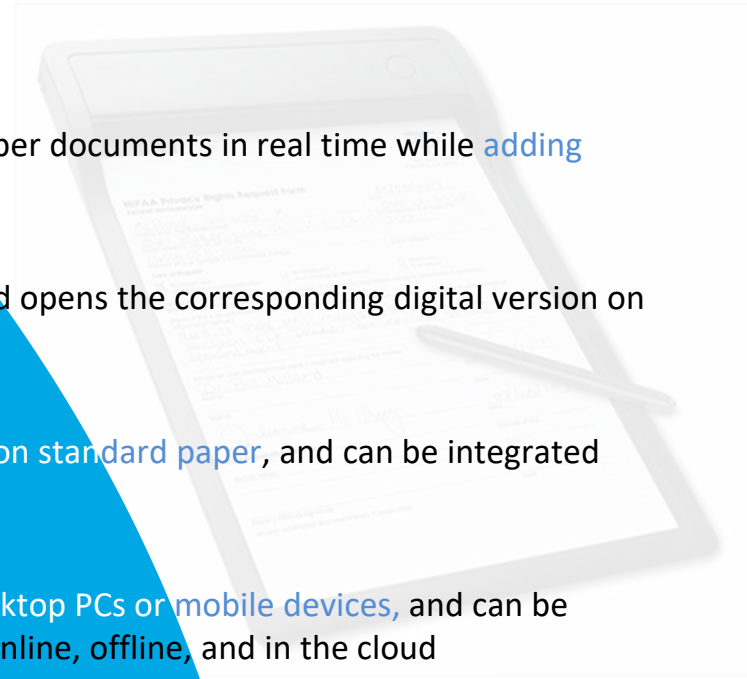

wacom BUSINESS SOLUTIONS

Why the Wacom Clipboard?

✓ **Bridge from analog to digital**
   The Wacom Clipboard is the ideal solution for small businesses and
   enterprises who wish to add digital copies of their paper forms
   and documents

✓ **Saves time and money**
   With real-time digitizing, the Wacom Clipboard eliminates the need
   for documents to be scanned in order to have digital copies

✓ **Easy integration into existing workflows**
   With support for PCs and iOS/Android mobile devices, the Wacom
   Clipboard integrates seamlessly into existing workflows and any
   document management system

Integration

wacom BUSINESS SOLUTIONS

Features and benefits

✓ **Integrated barcode scanner**
Saves time by automatically opening the correct document

✓ **Captures handwritten text and signatures**
Eliminates the need for scanning to have digital copies

✓ **Clipboard supports A4/Letter size paper**
No need for special paper and supports multiple page forms

✓ **Bluetooth connection to mobile devices**
Low power, fast data transmission, and secure with BT encryption

✓ **Features Wacom's patented EMR technology**
Cordless, battery-free inking pen with superb accuracy
